ABOUT US

Mega E&M Trading and Contracting provides a wide range of engineering services in the industrial and commercial markets. The company was established in 2010 with the ambition to be the preferred electrical & mechanical contractor in Qatar and deliver integrated solutions for the market's increasing complex needs in the road works, industrial property and retail sectors.

Mega E&M Trading and Contracting provide new and complementary engineering services in various areas including street lighting, power generation systems, power distribution networks, communications, and general commercial & industrial segments.

We are committed to meet and exceed our customer's expectations by providing high quality equipment and supplies from industry recognized suppliers; seamless workmanship through our well experienced and highly qualified staff; and efficient processes developed and controlled in accordance with ISO 9000 Quality Management Standards.

Mega E&M Trading and Contracting is backed by recognized group of companies in the region. We are a member of the Al-Sulaiman Group, a diversified group of companies in Qatar specialized in trading, contracting, manufacturing, oil & gas, and services.

OUR MISSION

Mega E&M is determined to be the leading innovative & cost effective Qatari MEP contractor, providing exceptional, high quality and reliable contracting services in high ethical manner.

We are committed to grow, develop and be a key partner in the development of Qatar's infrastructure & industrial expansion through our dedication to understand & fulfill our customer's needs and requirements.

OUR VISION

Mega E&M's vision is to be the preferred electrical and mechanical contractor in Qatar. We will earn our customers' confidence and loyalty through seamless quality and on-time delivery of our products and services.

OUR CORE STRATEGIES

To establish and maintain long-term relationship built on respect, confidence and mutual trust with every customer and ultimately support them in their objectives and goals.

To conduct our business from conception to delivery and beyond, with integrity and full compliance to regulations; with total commitment to quality; and without any compromise on operations safety and timely delivery.

To excel in our operation's safety, product and services quality, innovations in our solutions, and total customer satisfaction.

To achieve success based on our principles of responsibility, respect and determination.

QUALITY & SAFETY

Quality and Safety are highly important aspects of our business.

Our Quality Management System (QMS) enables us to deliver high service level through application of an effective process-based approach methodology. Our employees are fully committed to continually improving processes that define the quality level of our services.

Mega E&M's commitment in maintaining high health and safety standards warrant safe, secured and injury-free work environment for employees, contractors, and the general public.

OUR SERVICES & PRODUCTS

Mega E&M Trading and Contracting is a turnkey solutions provider offering services for our clients' engineering, procurement, construction, testing, and commissioning needs.

Our scope includes...

Design, installation, testing, commissioning, and maintenance of:

- Mechanical & electrical services in the industrial, property and retail sectors
- Street Lighting including all lighting poles, high masts, feeder pillars, cabling, and termination
- Power Generation Systems including all diesel generating sets and synchronizing panels

Design installation, testing, commissioning maintenance, and modifications of:

- Low Voltage Power Distribution OHL and underground networks including all cabling, jointing, and terminations.
- Medium Voltage Power Distribution OHL and underground networks including all substation, cabling, jointing and terminations.

Our name is our guarantee in providing...

- cost effective solutions;
- high quality;
- and on-time delivery.

EXTERNAL LIGHTING & HIGHWAY INFRASTRUCTURE

Mega E&M are specialists in external lighting and highway infrastructure installations. We are dedicated and committed to deliver complete range of solutions for local authorities, utility companies, civil engineering contractors and private sector developers.

Through our highly trained and fully equipped workforce, we provide complete design, supply, installation and maintenance service for:

Our scope includes...

External Lighting

- Highway and street lighting
- High masts
- Car parks
- Local amenity and town center applications
- Illuminated traffic signs
- Leisure and sport facilities
- Tunnel lighting
- Festive lighting
- Air and rail lighting

Low Voltage Power Networks Servicing (for all types of external lighting)

- Excavation
- Road crossing
- Cable installation
- Jointing and termination
- Feeder pillars installation
- Earthing

“We live to deliver unrivalled service excellence and customer focused solutions”.

LOW AND MEDIUM VOLTAGE POWER DISTRIBUTION NETWORKS

Mega E&M undertakes project of any magnitude in Power Generation and Distribution Networks. We provide complete design, supply, installation, testing, commissioning, maintenance, and modification service for:

Power Generation

- Diesel Generating Sets
- Synchronizing & Power Management Systems
- Control & Auto Transfer Panels
- Oil Fuel System
- Cabling & Termination

Low and Medium Voltage Power Distribution Networks

- Underground Cabling
- Overhead Lines
- Indoor & Outdoor Switchgears
- Package Substations
- Oil Type & Dry Type Transformers
- Pole Mounted Transformers
- Energy Meters
- Power Factor Correction Equipment
- Jointing and Termination

ELECTRICAL AND MECHANICAL SERVICES

Mega E&M undertakes projects for complete electrical & mechanical services for large & medium sized facilities in the commercial, industrial, residential, educational and retail sectors. We provide complete design, supply, installation, testing, commissioning, maintenance, and modification service for:

External Lighting

- Main Distribution Boards
- Sub main Distribution Boards
- Cabling, Jointing & Termination
- Complete Electrical Distribution
- Internal, External and Emergency Lighting
- Standby Generators
- UPS Systems
- Bus-bar Riser Systems
- Lightning Protection Systems
- Lighting Control Systems
- Fire Detection / Alarm Systems
- Card Access Systems
- CCTV / Security Systems
- Audio & Visual Systems
- Voice / Data Structured Cabling
- Building Management System
- HVAC (Heating, Ventilation & Air-conditioning)
- Refrigeration System
- Smoke Exhaust System
- Mechanical Car Park Ventilation System
- CO Monitoring & Control System
- Fire Sprinkler / Protection System
- FM 200 & Deluge System
- Plumbing and Drainage
- System Integration

QUALITY POLICY STATEMENT

It is Mega E&M's policy to conduct its business with total commitment to international quality standards. The performance and reliability of our products and services will exceed our customers and stakeholders' expectations at all time.

We are committed to:

- Use only selected, approved or preferred materials.
- Accept only conforming products and services from suppliers & sub-contractors.
- Execute projects following standard operating procedures and guaranteed traceability through properly documented communications and records.
- Establish standard operating procedures and quality management system.
- Achieve and maintain the ISO 9001:2008 Certification.
- Continual improvement of our processes.

High level and consistency in our quality is not just our goal but also our basic strategy to sustain our business and secure future growth. Every single employee of the company has the responsibility to understand and implement our quality policy in performing their tasks.

This policy will be made known to all staff and will be reviewed on a regular basis.

BASSAM AL SULAIBI
Chief Operating Officer

ميغا إي أند إم للتجارة و المقاولات ذ.م.م.
MEGA E&M TRADING AND CONTRACTING L.L.C.

OCCUPATIONAL HEALTH & SAFETY POLICY

Central to Mega E&M's business culture is our commitment to the health & safety of our employees. Therefore, it is the policy of the company to conduct its day-to-day operations, at jobs sites and in the office, with utmost regard to the health, safety and welfare of all its employees and other people who may be affected by its operations.

The company's executive management team takes primary responsibility on line management to ensure that safety matters are treated with equal importance to other business objectives.

We are committed to provide our employees with a safe and healthy working & living environment. In return, we shall not tolerate employees who are unwilling to conform to safety policies and procedures established by the company and/or regulations set forth by various government entities.

Since the company recognizes that this is a process of continual improvement, we are committed to provide our employees with periodical health and safety trainings. Open communications with our employees will be pursued to ensure everyone's active involvement and commitment to this policy, and its successful implementation.

This policy will be made known to all staff and will be reviewed on a regular basis.
